<b>Clarification of News Report</b>
-------------------------------------

We write with regards to your letter dated 31 July 2015 requesting clarification on the news article in philSTAR.com on July 31, 2015, "Macay Holdings sets P2 B capex next year", which reported in part that:

"MANILA, Philippines - Macay Holdings Inc., the investment vehicle of former ambassador Alfredo Yao, is setting aside P2 billion for its capital expenditures next year while reserving some P4 billion more for a major acquisition in the future.

In an interview at the company's annual stockholders meeting yesterday, Macay director and ARC Refreshments Corp. executive vice president Gerry Garcia said the firm is earmarking P2 billion next year to finance its operations and expansion of bottling facilities in the country.

Garcia said the company has the same amount allotted for capital spending this year.

Next year's budget, however, excludes spending for potential acquisitions which the company is aggressively pursuing.

Macay president Anotonio Panajon said the listed firm continues to scout for possible acquisitions in the food and beverage business, both locally and abroad.

The firm is targeting to become a diversified food and beverage company in the next five years through an expansion program that will take advantage of improving consumer spending in the Philippines.

'Macay Holdings will pursue its expansion based on core growth and value-based acquisitions and joint ventures and is actively recruiting management talent from external resources,' Panajon said.

The company is allocating P4 billion for future acquisitions, funding of which will come from a deferred stock rights offering earlier this year.

...."

On the afore-mentioned statements regarding the alleged "earmarking (of) P2 billion next year to finance its operations and expansion of bottling facilities in the country" and "the same amount allotted for capital spending this year" Macay Holdings, Inc. (the "Corporation") confirms the amounts as preliminary estimates and subject to board approvals.

On the succeeding statement regarding the alleged "P4 billion for a major acquisition in the future." This is the estimated amount the Corporation views to spend over the next three years as part of its five year expansion program to become a diversified food and beverage company in the next five years. These remain preliminary estimates and subject to board approvals.

We trust that the foregoing clarifies the matter.
